

THE FOUNDATION FOR THE CHILD VICTIMS OF THE FAMILY COURTS – PRESS

ANOUNCEMENT

The FCVFC is beginning work on a new project which is meant to document the journey, inspire the reader to reflect, learn, gain insight into the mechanisms by which those who fight for children wrongfully removed from their custody, maintain their sanity and recover their children.

The stories of Protective Parents whom are clients of the FCVFC and those who work with and advance the mission are embraced in this compendium of stories.
